If you marked 'No' to any of the questions above or have suggestions as to how the witness's testimony could be improved, please explain:

Ms. Johnson testified for approximately 40 minutes in County Criminal Court 10. Ms. Johnson did a nice job stating her qualifications and how Headspace GC works. However, she needs to make sure she is listening to the questions being asked and answering them in a clear and concise manner and not offering more information than needed.
